

Honeycomb Charlie Rudder Pedals

These Charlie Rudder Pedals are the final piece to complete the full Honeycomb Flight Simulation range.

The pedals are made with genuine alloy metal and can adjust to different angles to improve comfort whilst flying. The pedals use a specialised drive train system for travel with no centre detent.

The base includes large rubber grip pads and reversible carpet spikes for non-slippage so you can be completely confident in your approaches and landings.

- Made totally from alloy metal
- Left and right toe brake axis
- Adjustable feet angles
- Realistic mechanical movement
- Reversible carpet pikes with large rubber grip surface
- Adjustable tension knob

What's in the box:

- Charlie Rudder Pedals
- USB-C cable
- Hex wrench for pedal adjustment
- Manual
